

P.B.I.S. in Action at Floyd

Positive Behavior Interventions and Supports (PBIS) is a fully incorporated way of life at Floyd Middle School. It is about teaching staff and students respectful, responsible, and safe behaviors in order to promote a more positive and productive working and learning environment. Expectations for behavior are taught, modeled, reinforced, rewarded, and re-taught as needed throughout the year. It is our belief that building positive relationships improves our school climate, directly affects student achievement, and greatly deters undesired staff and student behaviors. Rewarding expected behaviors is the truly fun part about PBIS, and there are plenty of incentives such as student recognition, special play days, and prize drawings to name a few. Staff and students also have the opportunity to earn Panther Bucks which, like cash, can be used to purchase items from our school store. To find out more about our PBIS initiative, visit our Floyd PBIS blog page, or go to www.pbis.org.
