Dear Huskie Parent/Guardian:

We are excited to announce that Hendricks Elementary School will offer a parent support and skills workshop for parents of Pre-K through 2nd grade parents. ***Purposeful Parenting...Placing Your Child on the Path to Academic Success***, is a 5-session interactive skills enhancement workshop designed to aid parents in helping their child develop a healthy and strong start to their school career and beyond. We believe that a child's school success doesn't just happen...that parents play an important and purposeful role in placing their child on the path to school success.

The early grades are foundational in setting the stage for all other grades. These transitional grades can be both exciting and challenging for child and parent. Understanding what your child needs and learning how you can support your child can make all the difference in "placing them on the path to school success."

Program Schedule:

- Session #1 (November 7, 2018):** Parent-School Partnership/Developing a Culture of School Importance
- Session #2 (November 14, 2018):** Mental Health in Children
- Session #3 (December 5, 2018):** Encouraging Positive Behaviors/Social Skills Development
- Session #4 (December 12, 2018):** Developmental Milestones/Brain Development
