- **Gifted Identified Students only** - All gifted identified students will receive services in at least one advanced content (AC) class in an area of strength. Gifted students will be placed in additional AC classes if their most recent Iowa score in both the content area and supporting score is above 70%. In order to be in AC Reading, a student must also qualify for AC Language Arts.
- All placements are contingent upon teacher allotment, the current population served and available space per class each year. Our goal is to serve at least the top 20% to 25% of our student population.
- *** 7th grade only** – In order to provide an additional opportunity to qualify rising 7th grade students because the Iowa is not taken in 6th grade, students are placed in AC Language Arts, Science, Social Studies, or Reading classes if 3 out of the following 4 scores were earned. In order to be in AC Reading, a student must also qualify for AC Language Arts.
 1. 5th grade Iowa content (LA, Science, Social Studies) – see chart above
 2. 5th grade Reading Total Iowa of 85% or higher (or Math Total Iowa of 85% or higher for Science only)
 3. 6th grade SRI Lexile level above 1075
 4. 6th grade test average above 90%
- Since the student Iowa report does not have the Reading Total score that is used for placement, feel free to request the Iowa score detailed breakdown that is used for placement.
