Student Parent

- I am requesting a course placement different from that recommended by the school.
I have read and understand the course description for the course into which I want my child placed.
I understand that this course will place more stringent demands on my student and will require him/her to meet higher standard.
I know and understand any summer requirements for the course into which I want my student placed (i.e. summer reading, summer math packet).
I understand that this request may be denied due to class size or restrictions caused by my student's existing classes.
I understand that this change may require my student's schedule to be rearranged, and that once the change is made it cannot be changed again.
