

Fifth Grade Technology Standards 2009-2010

T3 Research and Information Fluency

Students apply digital tools to gather, evaluate, and use information. Students:

T3.b

Locate, organize, analyze, evaluate, synthesize, and ethically use information from a variety of sources and media.

T3.c

Evaluate and select information sources and digital tools based on the appropriateness to specific tasks.

T5 Digital Citizenship

Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior. Students:

T5.a

Advocate and practice safe, legal, and responsible use of information and technology.

Suggested Technology Curriculum

Quarter 1

The student successfully demonstrates knowledge of Internet safety.

Quarter 2

The student evaluates and selects electronic information sources that are relevant, accurate and reliable.

Quarter 3

The student follows copyright laws when using text, images, videos and/or other sources and cites resources appropriately.

Quarter 4

The student synthesizes information from multiple sources and uses appropriate digital tools to create an authentic product or presentation.
