## Georgia Milestones End-of-Course Assessments Testing Brief for 2014–2015

Georgia Milestones End-of-Course (EOC) Assessments were given for the first time in the 2014–2015 school year. EOC assessments were given in 8 high school courses: Ninth Grade Literature and Composition, American Literature and Composition, Coordinate Algebra, Analytic Geometry, Biology, Physical Science, United States History, and Economics/Business/Free Enterprise.

Student performance on the EOC Assessments is divided into one of four achievement levels: (1) Beginning Learner, (2) Developing Learner, (3) Proficient Learner, or (4) Distinguished Learner.

**Beginning Learners** These students did not demonstrate proficiency.

**Developing Learners** These students demonstrated partial proficiency.

**Proficient Learners** These students demonstrated proficiency.

**Distinguished Learners** These students demonstrated advanced proficiency

**Percent proficient** is the percentage of students scoring in the top two achievement levels. The Georgia DOE considers the percent proficient to correspond to those students who are ready to progress to the next grade in that test subject.

### Data Provided in this Testing Brief

The summary statistics of assessment results presented in this document are from EOC assessments taken during both the Winter and Spring administrations of the Georgia Milestones. All summary statistics for the district presented in this testing brief were calculated from individual student test scores provided to the district by the Georgia DOE. In the following tables, groupings that contained 15 or fewer students were excluded to protect privacy.

The following tables include district- and school-level summaries of the performance of Cobb students on the Georgia Milestones EOC assessments. Comparisons are made to the state-level summaries where available.

## Summary of Cobb Performance

Cobb students exceeded the state average on every test as measured by the mean scale score, percent proficient, and percent in achievement levels 2–4.
