## TOTAL PROPOSED EXPENDITURES

| TOTAL PROPOSED EXPENDITURES | $759,000,000.00 |

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.
### Location

#### Elementary School
- Eastvalley ES Replacement on current East Cobb MS site
- Harmony Leland ES Replacement on Factory Shoals Road site
- King Springs ES Replacement on King Springs ES site

#### Middle School
- Smyrna Area New MS on site to be determined

---

**Total:** $165,000,000
## Location

### High School
- Campbell HS Classroom Addition
- Campbell HS Theater Replacement
- Hillgrove HS Classroom Addition
- Lassiter HS Theater Renovation and Modification
- North Cobb HS CTAE Renovation and Modification
- Osborne HS Theater Replacement
- Pebblebrook HS Classroom Addition
- Pebblebrook HS Gymnasium Replacement
- Pebblebrook HS Theater Replacement
- South Cobb HS Gymnasium Replacement
- Sprayberry HS CTAE Renovation and Modification
- Sprayberry HS Gymnasium Replacement
- Walton HS Tennis Courts and Softball Field (return to campus)
- Wheeler HS Magnet Upgrade and Renovation

### Middle School
- Dickerson MS Classroom Addition
- Dodgen MS Classroom Addition
- Lovinggood MS Classroom Addition

### Administrative
- Central Office Instructional Support Center Modification/Consolidation

---

Total: $206,000,000.00

## Initiative Name

### Learning Commons
Transition media centers to learning commons.

### Learning Management System
Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports.

### Learning Resources
Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

### Maintenance of Fine Arts Performance Facilities
Theater updates, choral room updates, sound and lighting systems.

### Network Access Control
Provide network security.

### Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms
Replace and maintain audio visual equipment for classrooms.

### Obsolete Computing Device Replacement - District
Replacement of computing devices for students, teachers, and staff.

### Obsolete Computing Device Replacement - Teachers & Staff
Replacement of computing devices for teachers.

### Obsolete Interactive Classroom Devices Enhancement/Replacement
Replace and maintain interactive devices in classroom.

### Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance
Replace and maintain duplication equipment.

### Robotics Lab
Establish a dedicated space for the establishment of a robotics program in high schools.

### Student Information Systems Enhancement/Replacement
Replace and maintain student information and recording systems.

### Student Learning, STEM, College and Career and/or Innovation Spaces
Transition current spaces to innovation labs, STEM labs, engineering, or comparable student learning spaces.

**Total**: $173,000,000.00

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.

Published: 9/14/2016
**Projects:**

1. **Centralized Video System**  
   Enhance the district's coaxial network
2. **District Network Enhancement/Maintenance**  
   Maintain the district network
3. **District Phone System Enhancement/Replacement**  
   Replace and maintain the district’s telephony and network equipment
4. **District Servers Replacement**  
   Replace school servers
5. **Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment**  
   Musical instruments, digital music technologies, kilns, and visual arts equipment
6. **Learning Management System**  
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports
7. **Learning Resources**  
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.
8. **Network Access Control**  
   Provide network security
9. **Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms**  
   Replace and maintain audio visual equipment for classrooms
10. **Obsolete Computing Device Replacement - Teachers & Staff**  
    Replacement of computing devices for teachers.
11. **Obsolete Interactive Classroom Devices Enhancement/Replacement**  
    Replace and maintain interactive devices in classroom
12. **Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance**  
    Replace and maintain duplication equipment
13. **School Security Improvements - Exterior**  
    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.
14. **School Security Improvements - Interior**  
    Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.
16 School Security Improvements - Interior

Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.
### Facilitiy Summary of Approved Projects

**Facility Name:** Adult Education Center

**Projects:**

1. **Centralized Video System**
   - Enhance the district's coaxial network

2. **District Network Enhancement/Maintenance**
   - Maintain the district network

3. **District Phone System Enhancement/Replacement**
   - Replace and maintain the district's telephony and network equipment

4. **District Servers Replacement**
   - Replace school servers

5. **Learning Management System**
   - Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

6. **Learning Resources**
   - Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

7. **Mechanical - HVAC - Controls**
   - Replace HVAC controls

8. **Network Access Control**
   - Provide network security

9. **Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms**
   - Replace and maintain audio visual equipment for classrooms

10. **Obsolete Computing Device Replacement - Teachers & Staff**
    - Replacement of computing devices for teachers.

11. **Obsolete Interactive Classroom Devices Enhancement/Replacement**
    - Replace and maintain interactive devices in classroom

12. **Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance**
    - Replace and maintain duplication equipment

13. **Renovation - Toilet Room Renovation**
    - Renovate Toilet Rooms

14. **School Security Improvements - Exterior**
    - CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

15. **School Security Improvements - Interior**
    - Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.

## SPECIAL PURPOSE LOCAL OPTION SALES TAX (ED-SPLOST V)

### FACILITY SUMMARY OF APPROVED PROJECTS

| Facility Name: Belmont Hills ES |
|---------------------|------------------|
| Facility No.: 1052  |                  |

### Projects:

1. **Centralized Video System**
   - Enhance the district's coaxial network

2. **District Network Enhancement/Maintenance**
   - Maintain the district network

3. **District Phone System Enhancement/Replacement**
   - Replace and maintain the district's telephony and network equipment

4. **District Servers Replacement**
   - Replace school servers

5. **Electrical - Main Switchgear & Panel Upgrades**
   - Replace main switchgear

6. **Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment**
   - Musical instruments, digital music technologies, kilns, and visual arts equipment

7. **Learning Management System**
   - Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

8. **Learning Resources**
   - Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

9. **Network Access Control**
   - Provide network security

10. **Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms**
    - Replace and maintain audio visual equipment for classrooms

11. **Obsolete Computing Device Replacement - Teachers & Staff**
    - Replacement of computing devices for teachers.

12. **Obsolete Interactive Classroom Devices Enhancement/Replacement**
    - Replace and maintain interactive devices in classroom

13. **Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance**
    - Replace and maintain duplication equipment

14. **School Security Improvements - Exterior**
    - CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

15. **School Security Improvements - Interior**

Facility Name: Compton ES
Facility No.: 3556

Projects:

1. Centralized Video System
   Enhance the district’s coaxial network

2. District Network Enhancement/Maintenance
   Maintain the district network

3. District Phone System Enhancement/Replacement
   Replace and maintain the district’s telephony and network equipment

4. District Servers Replacement
   Replace school servers

5. Doors & Windows & Hardware - Door & Hardware Replacement - Interior
   Replace interior doors on Buildings 2410 & 241D

6. Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment
   Musical instruments, digital music technologies, kilns, and visual arts equipment

7. Learning Management System
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

8. Learning Resources
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

9. Network Access Control
   Provide network security

10. Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms
    Replace and maintain audio visual equipment for classrooms

11. Obsolete Computing Device Replacement - Teachers & Staff
    Replacement of computing devices for teachers.

12. Obsolete Interactive Classroom Devices Enhancement/Replacement
    Replace and maintain interactive devices in classroom

13. Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance
    Replace and maintain duplication equipment

    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

Facility Name: Ford ES  
Facility No.: 0292

Projects:

1. Centralized Video System  
   Enhance the district's coaxial network

2. District Network Enhancement/Maintenance  
   Maintain the district network

3. District Phone System Enhancement/Replacement  
   Replace and maintain the district's telephony and network equipment

4. District Servers Replacement  
   Replace school servers

5. Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment  
   Musical instruments, digital music technologies, kilns, and visual arts equipment

6. Learning Management System  
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

7. Learning Resources  
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

8. Network Access Control  
   Provide network security

   Replace and maintain audio visual equipment for classrooms

10. Obsolete Computing Device Replacement - Teachers & Staff  
    Replacement of computing devices for teachers.

11. Obsolete Interactive Classroom Devices Enhancement/Replacement  
    Replace and maintain interactive devices in classroom

12. Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance  
    Replace and maintain duplication equipment

    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

    Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

Replace artificial turf on football field
Projects:

1. Centralized Video System
   Enhance the district's coaxial network

2. District Network Enhancement/Maintenance
   Maintain the district network

3. District Phone System Enhancement/Replacement
   Replace and maintain the district's telephony and network equipment

4. District Servers Replacement
   Replace school servers

5. Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment
   Musical instruments, digital music technologies, kilns, and visual arts equipment

6. Learning Management System
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

7. Learning Resources
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

8. Network Access Control
   Provide network security

   Replace and maintain audio visual equipment for classrooms

10. Obsolete Computing Device Replacement - Teachers & Staff
    Replacement of computing devices for teachers.

11. Obsolete Interactive Classroom Devices Enhancement/Replacement
    Replace and maintain interactive devices in classroom

12. Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance
    Replace and maintain duplication equipment

    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

    Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

15. Specialties - Site Signage - Electronic Messageboard

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.
Install new digital message board
Projects:

1. Centralized Video System
   Enhance the district's coaxial network

2. District Network Enhancement/Maintenance
   Maintain the district network

3. District Phone System Enhancement/Replacement
   Replace and maintain the district's telephony and network equipment

4. District Servers Replacement
   Replace school servers

5. Electrical - Emergency Generator - ES
   Install emergency generator

6. Electrical - Main Switchgear & Panel Upgrades
   Replace main switchgear

7. Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment
   Musical instruments, digital music technologies, kilns, and visual arts equipment

8. Learning Management System
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

9. Learning Resources
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

10. Mechanical - HVAC
    Replace HVAC & Controls

11. Network Access Control
    Provide network security

12. Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms
    Replace and maintain audio visual equipment for classrooms

13. Obsolete Computing Device Replacement - Teachers & Staff
    Replacement of computing devices for teachers.

14. Obsolete Interactive Classroom Devices Enhancement/Replacement
    Replace and maintain interactive devices in classroom

15. Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance

Published: 9/14/2016
Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.
Facility Name: McCleskey MS  
Facility No.: 0184

Projects:

1. Centralized Video System  
   Enhance the district's coaxial network

2. District Network Enhancement/Maintenance  
   Maintain the district network

3. District Phone System Enhancement/Replacement  
   Replace and maintain the district's telephony and network equipment

4. District Servers Replacement  
   Replace school servers

5. Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment  
   Musical instruments, digital music technologies, kilns, and visual arts equipment

6. Learning Management System  
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

7. Learning Resources  
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

8. Mechanical - Plumbing - Water Cooler  
   Replace existing electric water coolers and add water coolers to new science wings

9. Network Access Control  
   Provide network security

10. Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms  
    Replace and maintain audio visual equipment for classrooms

11. Obsolete Computing Device Replacement - Teachers & Staff  
    Replacement of computing devices for teachers.

12. Obsolete Interactive Classroom Devices Enhancement/Replacement  
    Replace and maintain interactive devices in classroom

13. Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance  
    Replace and maintain duplication equipment

    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

### Projects:

1. **Addition - HS (Larger than 20,000 GSF)**  
   Additional classrooms to accommodate increase in student enrollment

2. **Addition - HS Gymnasium**  
   Addition of new Gymnasium

3. **Addition - HS Theater**  
   Addition of 750 seat theater and support spaces for Performing Arts Center

4. **Addition - Site Elements Relocation**  
   Relocation of existing underground utilities

5. **Addition - Site Elements Relocation**  
   Relocation of existing underground utilities

6. **Centralized Video System**  
   Enhance the district's coaxial network

7. **District Network Enhancement/Maintenance**  
   Maintain the district network

8. **District Phone System Enhancement/Replacement**  
   Replace and maintain the district's telephony and network equipment

9. **District Servers Replacement**  
   Replace school servers

10. **Electrical - Sub-Panel Upgrades**  
    Replace old electrical panel in main building. Install new electrical panels in each hallway.

11. **Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment**  
    Musical instruments, digital music technologies, kilns, and visual arts equipment

12. **Learning Management System**  
    Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

13. **Learning Resources**  
    Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

14. **Network Access Control**  
    Provide network security

15. **Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms**  
    Replace and maintain audio visual equipment for classrooms

16. **Obsolete Computing Device Replacement - Teachers & Staff**

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.

Published: 9/14/2016
Replacement of computing devices for teachers.

17 Obsolete Interactive Classroom Devices Enhancement/Replacement
    Replace and maintain interactive devices in classroom

18 Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance
    Replace and maintain duplication equipment

19 School Security Improvements - Exterior
    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

20 School Security Improvements - Interior
    Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

21 Sitework - Athletic & Recreational Surfacing - Artificial Turf
    Replace artificial turf on football field

22 Sitework - Demolition - Building
    Demolish existing gymnasium (5020)

23 Sitework - Demolition - Building
    Demolish existing theater building

24 Sitework - Demolition - Slab, Footings, & Foundation
    Demolish slab, footings, foundation, and underground utilities of gymnasium

25 Sitework - Demolition - Slab, Footings, & Foundation
    Demolish slab, footings, foundation, & underground utilities at existing theater
Facility Name: Pickett's Mill ES  
Facility No.: 0109

Projects:

1. Centralized Video System  
   Enhance the district's coaxial network

2. District Network Enhancement/Maintenance  
   Maintain the district network

3. District Phone System Enhancement/Replacement  
   Replace and maintain the district's telephony and network equipment

4. District Servers Replacement  
   Replace school servers

5. Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment  
   Musical instruments, digital music technologies, kilns, and visual arts equipment

6. Learning Management System  
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

7. Learning Resources  
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

8. Network Access Control  
   Provide network security

   Replace and maintain audio visual equipment for classrooms

10. Obsolete Computing Device Replacement - Teachers & Staff  
    Replacement of computing devices for teachers.

11. Obsolete Interactive Classroom Devices Enhancement/Replacement  
    Replace and maintain interactive devices in classroom

12. Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance  
    Replace and maintain duplication equipment

15. Specialties - Site Signage - Electronic Messageboard

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.
Install digital message board

16 Specialties - Toilet Partitions & Accessories

Replace toilet partitions in Building 4010
Facility Name: Pitner ES  
Facility No.: 0204

Projects:

1 Centralized Video System
   Enhance the district's coaxial network

2 District Network Enhancement/Maintenance
   Maintain the district network

3 District Phone System Enhancement/Replacement
   Replace and maintain the district's telephony and network equipment

4 District Servers Replacement
   Replace school servers

5 Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment
   Musical instruments, digital music technologies, kilns, and visual arts equipment

6 Learning Management System
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

7 Learning Resources
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

8 Network Access Control
   Provide network security

9 Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms
   Replace and maintain audio visual equipment for classrooms

10 Obsolete Computing Device Replacement - Teachers & Staff
    Replacement of computing devices for teachers.

11 Obsolete Interactive Classroom Devices Enhancement/Replacement
    Replace and maintain interactive devices in classroom

12 Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance
    Replace and maintain duplication equipment

13 School Security Improvements - Exterior
    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

14 School Security Improvements - Interior
    Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

15 Specialties - Prefabricated Canopies

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.

Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

16 Specialties - Prefabricated Canopies

Install canopy at car drop off area
Projects:

1. Centralized Video System
   Enhance the district's coaxial network

2. District Network Enhancement/Maintenance
   Maintain the district network

3. District Phone System Enhancement/Replacement
   Replace and maintain the district's telephony and network equipment

4. District Servers Replacement
   Replace school servers

5. Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment
   Musical instruments, digital music technologies, kilns, and visual arts equipment

6. Learning Management System
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

7. Learning Resources
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

8. Network Access Control
   Provide network security

   Replace and maintain audio visual equipment for classrooms

10. Obsolete Computing Device Replacement - Teachers & Staff
    Replacement of computing devices for teachers.

11. Obsolete Interactive Classroom Devices Enhancement/Replacement
    Replace and maintain interactive devices in classroom

12. Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance
    Replace and maintain duplication equipment

13. Renovation - Toilet Room Renovation
    Renovate existing toilet rooms

    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

15. School Security Improvements - Interior

### Projects:

1. **Addition - HS Gymnasium**  
   Addition of new gymnasium

2. **Addition - Site Elements Relocation**  
   Relocation of existing underground utilities

3. **Centralized Video System**  
   Enhance the district's coaxial network

4. **District Network Enhancement/Maintenance**  
   Maintain the district network

5. **District Phone System Enhancement/Replacement**  
   Replace and maintain the district's telephony and network equipment

6. **District Servers Replacement**  
   Replace school servers

7. **Electrical - Lighting - Interior - High Bay**  
   Replace existing gymnasium light fixtures with high bay LED fixtures

8. **Electrical - Sub-Panel Upgrades**  
   Replace old electrical panel in main building. Install electrical panels in each hallway.

9. **Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment**  
   Musical instruments, digital music technologies, kilns, and visual arts equipment

10. **Learning Management System**  
    Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

11. **Learning Resources**  
    Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

12. **Mechanical - HVAC**  
    Replace HVAC & Controls in newest gymnasium

13. **Mechanical - Plumbing - Sanitary Sewer**  
    Replace sewer line on visitor's side of stadium

14. **Mechanical - Plumbing - Water Cooler**  
    Replace water coolers in building

15. **Network Access Control**  
    Provide network security

16. **Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms**

Install canopy at car drop off area

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.
Facility Name: Walton HS
Facility No.: 0120

Projects:

1. Addition - Concession/Toilets
   Construct softball field house & toilet/concession/scorekeep building

2. Centralized Video System
   Enhance the district's coaxial network

3. District Network Enhancement/Maintenance
   Maintain the district network

4. District Phone System Enhancement/Replacement
   Replace and maintain the district's telephony and network equipment

5. District Servers Replacement
   Replace school servers

6. Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment
   Musical instruments, digital music technologies, kilns, and visual arts equipment

7. Learning Management System
   Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

8. Learning Resources
   Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

9. Network Access Control
   Provide network security

10. Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms
    Replace and maintain audio visual equipment for classrooms

11. Obsolete Computing Device Replacement - Teachers & Staff
    Replacement of computing devices for teachers.

12. Obsolete Interactive Classroom Devices Enhancement/Replacement
    Replace and maintain interactive devices in classroom

13. Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance
    Replace and maintain duplication equipment

    CCSD facilities need to be accessible to many people during and after normal hours. Increased security needs require that staff members be confident that the doors, windows, and locks can completely control access to each facility. This program will provide controlled access to only authorized personnel, identify any person or groups in the building when they enter as well as numerous other features.

15. School Security Improvements - Interior

All budgetary costs are planning estimates, and changes in circumstances or innovations may require modification. Items listed are in no particular order.
Provide security modifications and upgrades for schools by improving interior accessibility as well as strengthened infrastructure where appropriate. Such improvements will provide a greater level of safety and enhance the security within the school facilities.

16 Sitework - Athletic & Recreational Surfacing - Artificial Turf
Replace artificial turf on football field

17 Sitework - Athletic Fields
Site development for and construction of new softball field and tennis courts, & athletic amenities, including parking.
### Facility Summary of Approved Projects

**Facility Name:** Wheeler HS  
**Facility No.:** 1069

#### Projects:

1. **Addition - HS (Less than 20,000 GSF)**  
   - Construct softball toilet/concession/scorekeep building

2. **Centralized Video System**  
   - Enhance the district's coaxial network

3. **District Network Enhancement/Maintenance**  
   - Maintain the district network

4. **District Phone System Enhancement/Replacement**  
   - Replace and maintain the district's telephony and network equipment

5. **District Servers Replacement**  
   - Replace school servers

6. **Growth, Replacement, & Maintenance of Fine Arts Instruments and Equipment**  
   - Musical instruments, digital music technologies, kilns, and visual arts equipment

7. **Learning Management System**  
   - Common digital platform for students, teachers, school leaders, and parents to access learning resources, content, & learning supports

8. **Learning Resources**  
   - Publisher produced and locally developed content to align with the instructional and learning needs of teachers and students as it aligns with the Cobb Teaching and Learning standards.

9. **Network Access Control**  
   - Provide network security

10. **Obsolete Audio Visual Equipment Enhancement/Replacement - Classrooms**  
    - Replace and maintain audio visual equipment for classrooms

11. **Obsolete Computing Device Replacement - Teachers & Staff**  
    - Replacement of computing devices for teachers.

12. **Obsolete Interactive Classroom Devices Enhancement/Replacement**  
    - Replace and maintain interactive devices in classroom

13. **Obsolete Print/Copy/Duplicate Solution - Replacement/Maintenance**  
    - Replace and maintain duplication equipment

14. **Renovation - HS**  
    - Renovate existing classrooms to include STEM classrooms; Renovate existing magnet building for standard classrooms

15. **School Security Improvements - Exterior**
