

GA Math Milestones in a nutshell

- 1. Change in format of Math including constructed response**
- 2. Calculator Usage on 2 sections**

GA Milestones – Math Sections

- 50 Selected Response (worth 1 point each)
- 2 Constructed Response (worth 2 points each)
- 1 Constructed Response (worth 4 points)

Georgia Milestones Calculator Policy

Content Area	Grade Level/Course	Type of Calculator
Mathematics	Grades 3 – 5 EOG	Not Allowed
	Grade 6 EOG	Basic ¹ Dodgen will provide for 6th
	Grades 7 – 8 EOG	Scientific ² or Basic ¹
	Coordinate Algebra EOC	Graphing ³ or Scientific ²
	Analytic Geometry EOC	Graphing ³ or Scientific ²
Science	Physical Science EOC	Scientific ² or Basic ¹
Social Studies	Economics EOC	Scientific ² or Basic ¹

¹Basic four-function calculator with square root and percentage functions.

²Scientific calculator with functionalities consistent with TI-30XS MV or similar models.
Dodgen recommends purchasing for 7th and 8th grade on level and advanced math students

³Graphing calculator with functionalities consistent with TI-84 Plus SE or similar models.

Calculators are not permitted on certain designated sections of each mathematics test.
