

Dear Families,

Recently, we have had a few close calls that have involved our precious students. Our safety procedures only work when our families follow them! Please always remember that a tardy is much better than a child being injured! Please follow these rules, put in place to assure the safety of our students:

- Never drop students off/pick students up on ANY road, including Veterans Memorial Highway, Dodgen Road, Park Road, Lane Drive, Kitchens Road and Club Drive.
- Do NOT drop students off/pick students up in our bus parking lot. Our bus drivers are exceptionally careful, but they are not expecting to see any pedestrians in that area.
- Always drive slowly through the parking lot, paying special attention to students and staff pedestrians. Our expectation is that you will not be using your cell phone.
- Always pull forward to the car rider drop off/pick up area, rain or shine. This allows us to unload/load the maximum number of cars.
- Do not exit your car. If you need to assist your child, you need to park in a designated spot and escort them into the building.
- Even on rainy days, the tardy bell rings at 7:50. Please consider using the buses, which are never considered tardy.
- Please remember that the area in front of our lobby is a Fire Lane. Parking is never permitted. In the past, tickets have been issued for cars parked there.

We have requested support from Campus Police in order to keep our students, staff, and families safe. Please follow all traffic rules.
