

# Bring Your Own Device (BYOD)

Expanding Learning Opportunities

# Why BYOD?

## We want:

- To leverage technology to create relevant learning experiences for students that mirror their daily lives.
- Students to power-up when they come to school.
- Students to have access to information/digital resources for instruction 24/7.
- To supplement what a school might already have in terms of technology and access to information/resources.
- Focus on instruction...not the tool.

# BYOD CCSD Goals

- Promote higher order thinking, creativity and other 21<sup>st</sup> Century Skills
- Increase student engagement
- Promote greater collaboration (between teachers/students/parents) using Web 2.0 tools
- Increase student access to technology/digital resources
- Integrate technology seamlessly into curriculum
- Increase project based learning activities
- Raise achievement levels in core content areas
- Model good digital citizenship

# Parent/Student: What We Need to Know

- Definition of “Device”
- Network Connectivity
- Security and Damages
- BYOD Student Agreement
- Additional FAQs

# Devices

May include...

- Laptops
- Netbooks
- Tablets
- iPod Touch
- Smart phones
- eReaders
- Gaming device with Internet connectivity (i.e., Nintendo Dsi)

# Network Connectivity

- Students must use the CCSDBYOD network.
- Students cannot use their own 3G or 4G service.
- BYOD Network FYIs:
  - CCSD filters are applied to student device
  - Students cannot save work to the network from personal device.
  - Students cannot print from personal device.

# Security and Damages

- The school district is not liable for stolen or damaged devices.
- Stolen or damaged devices will be handled similar to other personal artifacts.

# BYOD Student Agreement

- Student agreement located at the end of the parent letter.
- CCSD Student Code of Conduct (JICDA)
- Acceptable Use Policy (AUP)

# Additional FAQs

1. If my child does not bring their own device, will he/she be penalized or miss out on instruction?
2. If my child is bringing a device to school for instructional purposes, will they have access to things they normally do with district equipment?
3. As a parent am I required to add additional software to my child's device?
4. How will my child's device be used in the classroom?
