

LGE COMMUNITY CREDIT UNION (LGE) / COBB COUNTY SCHOOL DISTRICT (CCSD) PARTNERSHIP LGE HIGH SCHOOL SPIRIT CARDS

LGE Community Credit Union (LGE) has partnered with the Cobb County School District (CCSD) to support our schools and students. As a new feature of this partnership, LGE has created "High School Spirit Cards" where each high school in our district will have their own VISA card (Debit or Credit) that contains their unique high school mascot logo along with the logos for LGE and CCSD, as an exclusive partnership. This is a great opportunity for each high school community (teachers, staff, students and parents) to participate in that this program is designed to create team spirit in each high school environment while at the same time, create an opportunity for each high school to raise additional funding.

How can you get a LGE/CCSD VISA Spirit Card?

High School Spirit Cards are available starting in April, 2018. **The High School Spirit Cards are available for teachers, students, parents and community members.** If you are already an LGE member or want to join the LGE Community Credit Union, simply visit an LGE branch. LGE branches are conveniently located throughout Cobb County. (See Contact Info Below!)

How will you and your high school benefit from this partnership?

As part of launching the High School Spirit Card program, LGE will be giving each high school \$1,000 for participating. On top of that, LGE will implement a revenue share with each high school. High School revenue sharing will depend on how many teachers, students and parents sign up for the VISA card and how often they use their cards. The more participation and transactions a high school has, the more money that goes back into the pockets of each school. In addition to benefiting the CCSD High Schools, if a teacher, student or parent has a High Rewards Checking account, they would also get 2.00% earnings every time they use their High School Spirit Card. In addition, they would also get 1.00% cash back on all VISA credit card purchases if they also sign-up for a High School Spirit **Credit** Card!

Tell me about LGE Community Credit Union and their products and services

LGE Community Credit Union is a large, well respected credit union which offers a range of financial banking services including checking, savings, loans, insurance and more. (*LGE High Rewards checking features 2.00% APY earnings on balances up to \$25,000 based on HRC requirements. Additionally, LGE offers 1.00% cash back on credit card purchases.*) LGE members also have access to LGE Financial Advisors that can meet with you to uncover your needs and long-term goals, and then build a complimentary financial plan that will help you to determine a savings and investment strategy that is appropriate for you, your family, and your future.
