

What are we learning?

November 10, 2017

Phonics: This week, we will be learning CVCe words with long i. Example: kite, bike, mice, ice. **At home, have your child practice writing CVCe words with long i. Have your child practice their sight words.**

Writer's Workshop: This week, we will begin working on "how to" writing. Students will name a topic, supply some facts about the topic, and provide a sense of closure. **At home, please work with your child to complete the "Disguise a Turkey" project. The students will be writing about how they disguised their turkey. Also, you can continue to have your child practice writing about a topic they know a lot of information about. Example: dogs, cars, weather.**

Science: This week, we will continue with sound. We will talk about how vibrating objects produce sound. **At home, discuss the emergency sounds that you may hear in your house or around your community.**

Reader's Workshop: This week, we will review main idea and key details. **At home, you can work with your child by reading a book with them. After reading, ask your child what the book was mainly about. Ask them which key details they used to identify the main idea.**

Math Workshop: This week, we will learn about solving word problems within 20. **At home, you can work with your child by creating fun word problems in your everyday life. (Example: We bought 11 apples and 3 oranges. How many fruit did we buy all together?).**

practicing list
D and E.

Spelling Words for
the Week
mine, time, bite, five,
drive, quite

Upcoming Events:

- Monday-Tuesday November 13-14th- Advanced Ed STEAM showcase
- Wednesday November 15th- Disguise a Turkey project due
- Thursday November 16th- Progress Reports go home.
- November 20th-24th- Thanksgiving Break

Mableton School Goals

1. Students will demonstrate proficiency in reading, writing, and math.
2. The staff will increase opportunities for parents to be active participants in their student's education.

Support Your Child in ELA and Math

- Go to the MES Website located at <http://www.cobbk12.org/Mableton/>
- Locate the Parent Information section (located under the jaguar picture)
- Click on the Parent Resources link
- You will find ELA and Math videos for all grade levels and Grade Level Road Maps

Specials Schedule

Monday 11/13- Day G
Tuesday 11/14- Day G
Wednesday 11/15- Day A
Thursday 11/16- Day A
Friday 11/17- Day B

***Please make sure your child is wearing tennis shoes on PE & STEM days.**

Math Facts

Help your child to practice all of the ways to make 10 at home. (0+10, 1+9, 2+8, etc.) First graders need to be able to do this automatically in order to meet the standard.

From STEM

Dear Parents,

On your child's STEM Lab Day be sure your child is wearing tennis shoes. We spend lots of time outside and in our schools garden. We want to insure that your child is as safe as possible.

Thanks for your support,
Sean Splawski

Mableton

Vision and Mission

VISION:

To have a peaceful, productive, and engaging learning environment that guarantees the academic, social-emotional, and developmental needs of all of our students.

MISSION:

Engage! Empower! Excel!

Updates!
