

What are we learning?

January 12, 2018

Phonics: This week, we will be focusing on digraphs- wh, th, ch, and sh. **At home, you can work with your child by creating a list of sh and ch words that they can find around the house. Have your child practice their sight words at home.**

Writer's Workshop: This week, we will be starting opinion writing. Students will provide an opinion, supply some reasons, and provide a sense of closure. **At home, you can work with your child to practice writing sentences with correct capitalization and punctuation. Also, you can have your child practice writing about an opinion they have. Examples: What is the best color of the rainbow?, Is ice cream or cake better?, Do you like snow?**

Social Studies: This week, we will continue learning about Sacagawea and Lewis & Clark. **At home, you can work with your child by discussing how different life was for Lewis and Clark vs how our lives are today.**

Reader's Workshop: This week, we will continue working on retelling the central message and key details. **At home, you can work with your child by reading a book with them. After reading, ask your child what was the central message or lesson of the book. Ask them to give key details from the story.**

Math Workshop: This week, we will be adding and subtracting within 20. **At home, you can work with your child by giving them different types of equations and have them solve them. Example: using 3 addends: 3+5+11 or word problems: There were 12 snowflakes on my mitten and 8 melted. How many snowflakes were left? or solving an equation with a missing number: 12+__=25**

Sight Words
Continue
practicing list
E and F.

Spelling Words for
the Week
thin, thank, math,
path, whale, when

Upcoming Events:
Monday, January 15- MLK Jr. Holiday- No School
Wednesday, January 17- 100th Day of School:
Dress your child up in their best 100 year old
clothing!

Mableton
School Goals

1. Students will demonstrate proficiency in reading, writing, and math.
2. The staff will increase opportunities for parents to be active participants in their student's education.

Support Your Child in ELA and
Math

- Go to the MES Website located at <http://www.cobbk12.org/Mableton/>
- Locate the Parent Information section (located under the jaguar picture)
- Click on the Parent Resources link
- You will find ELA and Math videos for all grade levels and Grade Level Road Maps

Specials Schedule

Monday 1/15- NO
SCHOOL
Tuesday 1/16- Day A1
Wednesday 1/17- Day A2
Thursday 1/18- Day B1
Friday 1/19- Day B2

*Please make sure your
child is wearing tennis
shoes on PE & STEM
days.

Math Facts

Help your child to practice all of the ways to make 10 at home. (0+10, 1+9, 2+8, etc.) First graders need to be able to do this automatically in order to meet the standard.

From STEM

Dear Parents,

On your child's STEM Lab Day be sure your child is wearing tennis shoes. We spend lots of time outside and in our schools garden. We want to insure that your child is as safe as possible.

Thanks for your support,
Sean Splawski

Mableton

Vision and Mission

VISION:

To have a peaceful, productive, and engaging learning environment that guarantees the academic, social-emotional, and developmental needs of all of our students.

MISSION:

Engage! Empower! Excel!

Updates!
