OSBORNE HIGH SCHOOL

**2020 – 2021 Freshman
Registration Handbook
(Class of 2024)**

INTRODUCTION

Welcome to Osborne High School — Home of the Cardinals! We look forward to your arrival in August 2020. We know that you will continue working hard during the second semester of middle school to prepare yourself for the transition to high school. The following information will be helpful to you and your parents in making course selections for the 2020-2021 school year. Please read this handbook carefully.

Osborne High School is currently on a 4x4 Block schedule, which allows you to take eight classes each year. 4x4 means that you will take four classes during the first semester and four different classes during the second semester. During each semester, the four blocks of instruction will be about 90 minutes long. A typical high school schedule includes two core and two elective classes each semester; however, depending on the courses selected, some schedules may have 3 core during a semester (see sample schedules on page 7).

All 9th grade students are automatically enrolled in a combined Health & Personal Fitness course that is completed during one semester. Health and Personal Fitness are required for graduation. Students who complete 3 units of JROTC receive credit for Health & Personal Fitness and do NOT have to take the Health & Personal Fitness class.

During registration, your 8th grade teachers will recommend your core classes based upon performance criteria and your academic achievement. You, with your parents' assistance, will select your elective courses. It is important for you to consider which college and/or career pathway you will complete in high school and choose courses in which you are interested. If you have questions about registration or course selection, then you and your parent(s) should attend our **8th Grade Parent Night**. Your 8th grade counselor can also answer registration questions.

Making the Transition from Middle School to High School

An important part of your freshman year is learning the culture, traditions, and expectations of Osborne High School. High school is very different from middle school. You will have greater freedom in high school as well as greater responsibility (for example, you'll get to sit wherever you want at lunch and talk to your friends as you move from class to class). Your most important responsibility as a high school student is earning good grades. In order to be successful, you must complete all assignments (homework, projects, etc.) when they are due. You must actively participate in class, asking questions if something is unclear. And you must be a responsible learner, advocating for yourself by asking your teacher for extra help if you begin to fall behind.

The Academic Program: Credits, Promotion, and GPA

Our 4x4 block schedule enables you to take eight courses each academic year. Course credit is earned in Carnegie units by earning a minimum grade of 70 in the course. Each earned unit of credit counts toward the total needed for graduation. **In order to be promoted to the 10th grade, you must earn credit in math, science, and English and earn at least 5 total units.** If you fail 9th grade math, science, or English, then you will be retained in 9th grade, and you will have to retake the course that you failed. Be a responsible learner and get help before you fall behind! **Every** course you take (whether you pass or fail the course) is used to calculate your Grade Point Average (GPA). Performing well in a class affects your GPA positively, while performing poorly in a class affects your GPA negatively. It is important for you to know that 9th grade is not a "practice year" when it comes to grades. In other words, your freshman grades count just as much as the grades you earn as a junior or senior, and college admissions' officers will see all of your grades. All high school grades are used to calculate your Cumulative GPA, and all academic courses count toward eligibility for the HOPE Scholarship program.

Athletic Eligibility

In the fall semester, all first year freshmen are eligible to participate in all sports. However, in order to maintain athletic eligibility for the spring semester sports, students must pass 3 out of 4 courses in the fall.

Future Plans

It is Osborne's hope that our students become life-long learners with the knowledge, skills, and values necessary to compete successfully as honorable and productive citizens in a global society. We expect our students to continue their education after high school graduation and throughout adulthood. Post-secondary education for some students might be a traditional four-year college or university, a two-year (community) college, a technical college or institute, or a vocational program. Other students may choose to join the United States Armed Forces or enter the workforce after high school. As you begin your high school career, please keep your post-secondary plans in mind. Students can graduate by meeting the minimum *state* requirements; however, many colleges have admissions criteria that exceed these minimum requirements. NCAA Clearinghouse has its own requirements for athletes. It is your responsibility to become familiar with the requirements and criteria of whatever post-secondary option you choose. **Do your homework early!** Requirements can differ from college to college and between programs of study. Requirements may also change from year to year. The best place to find college admissions' information is directly from the college's website, and it's never too early to begin looking. Another great resource for college and career planning is www.gafutures.org, and our professional school counselors are always here to assist with any post-secondary plans.

High School Graduation Requirements (for students entering the 9th grade for the first time in 2012-2013 and subsequent years) The State Board of Education offers one common set of requirements for all students to earn a regular diploma. In order to receive a diploma, students must satisfy these requirements.

Subjects	Georgia High School Diploma
English	4 Units Including: 1 Unit 9 th Grade Literature/Composition 1 Unit American Literature/Composition 2 additional English units
Mathematics	4 Units Including: GSE Algebra 1 GSE Geometry GSE Algebra 2 1 additional math unit
Science	4 Units Including: 1 Unit Biology 1 Unit Chemistry or Earth Systems or Environmental Science 1 Unit Physics or Physical Science 1 additional science unit
Social Studies	3 Units including: 1 Unit World History 1 Unit United States History ½ Unit American Government/Civics ½ Unit Economics
CTAE Foreign Language Fine Arts	3 Units from any of these areas Though there is no foreign language requirement for the Georgia High School diploma, students planning to enroll in ANY post-secondary institution are strongly encouraged to earn two units of credit in the same modern language/Latin. NOTE: Students planning to enter or transfer into a University System of Georgia institution MUST take two units of the same modern language/Latin. All students are encouraged to complete a college and/or career pathway by earning 3 units of credit in a coherent series of courses leading to college readiness and/or a career readiness certificate endorsed by related industries. Students may choose from any of the CTAE pathways, a fine arts pathway, a world language pathway, or an advanced academic pathway. See your professional school counselor for specific pathway courses.
Health and Physical Education	1 Unit Including: ½ Unit Health ½ Unit Personal Fitness NOTE: Students who earn 3 units in JROTC will have met the health & personal fitness requirement.
Electives	4 Units
TOTAL UNITS MINIMUM	23 Units

*Unit credit may be awarded for courses offered in the middle grades that meet 9-12 GPS or GSE requirements.

*No course credit may be awarded for courses in which instruction is based on the GPS for grades K-8.

*Completion of diploma requirements does not necessarily qualify students for the HOPE Scholarship Program.

REGISTRATION DIRECTIONS

Your eighth grade teachers will evaluate your achievement level, work habits, and current grades to recommend the **academic core** classes for which you should be registered. Scores on the GA Milestone EOG assessments and placement tests may also be used to determine correct course placement.

YOU must select your **elective** courses and alternates. Since all ninth grade students are required to take Health and Personal Fitness (BPE) as their first elective, you will need to select three more electives and two alternate electives. If you choose JROTC, the Health and Personal Fitness course will be removed and you can choose an additional elective. Follow the steps listed below to complete the registration process:

1. Read this registration handbook completely including course descriptions. This information will provide you with descriptions of the academic core courses and help you make good elective choices. Review and discuss elective choices with your parents.
 - Core courses are listed as a reference only and are marked with **TR** (*Teacher Recommendation*). Your teachers will choose these courses.
 - Students who enroll in “Combo Courses” (band, chorus, and orchestra) must use **TWO ELECTIVES** for these courses and record both course numbers on their registration worksheet.
 - World language courses are elective courses; teachers do NOT recommend these courses. You must use one of your electives to select a foreign language. It is recommended that students have at least a 74 average in their most recent English Language Arts course to take a World Language in their 9th grade year.
2. Select **three (3)** elective courses and **two (2)** alternates from the elective courses listed in the course section of this handbook. Using the Osborne Elective Course Registration Worksheet (the **orange page** at the end of this registration handbook), record the course title and course number for each elective and alternate in the spaces provided. Sign the worksheet at the bottom in the space provided.
 - Parents should review these courses and sign the completed registration worksheet at the bottom in the space provided.
3. Return the completed and **signed** registration worksheet to your teacher. Your teacher will check your elective and alternate course selections and attach the worksheet to the Official Registration Form that contains your academic core classes for which you have been recommended. Then the course requests will be input into the scheduling database.

***Students who do not return the orange Elective Course Registration Worksheet will forfeit their opportunity to select their own electives.**

4. **WAIVER PROCEDURES:** We will mail a Registration Verification form by the end of April showing all of the courses (both academic core and electives) for which you are registered. If any of the courses listed on the form are incorrect or you disagree with a course recommendation, then follow the directions on the form to change the course(s). ***By changing the recommended course, you assume responsibility for the placement and accept the level of rigor that the new course presents. Once a course change has been fulfilled, it will not be reversed.

Sample student schedules: 4x4 block

Sample 4x4 Block Schedule: Core & Elective courses – This is a typical schedule that includes the 4 core classes, health & personal fitness (BPE), and 3 additional electives.

<u>Fall Semester</u>	<u>Spring Semester:</u>
1 st Block: 9 th Lit/Composition	GSE Algebra 1
2 nd Block: Health/BPE (elective 1-required)	Visual Art: Comprehensive (elective 3)
3 rd Block: Intro Business & Tech (elective 2)	General PE (elective 4)
4 th Block: Environmental Science	World Geography

Sample 4x4 Block Schedule: Band, Chorus, or Orchestra– Students who enroll in performing arts classes must enter **both course numbers** on their registration form.

<u>Fall Semester</u>	<u>Spring Semester:</u>
1st Block: Band 1 (elective 2)	Band 2 (elective 3)
2 nd Block: French I (elective 4)	Honors Biology
3 rd Block: Honors Geometry	Health/BPE (elective 1-required)
4 th Block: Honors 9 th Lit/Comp	World Geography
(Performing arts classes are taken both semesters on a block schedule)	

Sample 4x4 Block Schedule: Foundations of Algebra – Students needing additional support for Algebra 1 will be recommended for Foundations of Algebra before entering Algebra 1.

<u>Fall Semester</u>	<u>Spring Semester:</u>
1 st Block: World Geography	Spanish I (elective 3)
2 nd Block: Foundations of Algebra (elective 2)	Algebra 1
3 rd Block: Health/BPE (elective 1-required)	9 th Lit/Composition
4th Block: Environmental Science	Intro to Graphics & Design (elective 4)
(Students take Foundations of Algebra during semester 1 and Algebra 1 during semester 2)	

Sample 4x4 Block Schedule: Communication Skills– Students that need additional support for 9th Lit/Composition will be recommended for Communication Skills

<u>Fall Semester</u>	<u>Spring Semester:</u>
1 st Block: GSE Algebra 1	Fundamentals of Drama I (elective 4)
2 nd Block: Intro Graphics & Design (elective 2)	Environmental Science
3rd Block: Communications Skills (elective 2)	9 th Lit/Composition
4 th Block: World Geography	Health/BPE 1 (elective 1 - required)
(Students take Communication Skills during semester 1 and 9 th Lit/Composition during Semester 2)	

Sample 4x4 Block Schedule: AP Human Geography– Students recommended for this course will use one elective for Honors World Geography

<u>Fall Semester</u>	<u>Spring Semester:</u>
1 st Block: Accel GSE Algebra 1/Geo A	Fundamentals of Drama I (elective 4)
2 nd Block: Hnrs Biology	Health/BPE 1 (elective 1- required)
3rd Block: Communications Skills (elective 2)	9 th Lit/Composition
4 th Block: Hnrs World Geography (elective 3)	AP Human Geography
(Students take Hnrs World Geography during semester 1 and AP Human Geography during Semester 2)	

3DE AT OSBORNE HIGH SCHOOL

WHAT IS 3DE AT OSBORNE HIGH SCHOOL?

3DE is an innovative high school model that connects the real world to the classroom; students learn in an interdisciplinary environment through the lens of real business case challenges and career exploration. **The result is graduates who have the knowledge, skills, and experiences needed for college and career success.** 3DE is a partnership between Osborne High School, the business community, and Junior Achievement. We are not part of the Cobb Innovation & Technology Academy.

3DE students take core academic classes and one business elective each semester within 3DE. They **tackle real challenges 3DE's partner companies are facing** and apply learning and concepts from all their courses to develop solutions. Students also **explore career and higher education opportunities by participating in company and college site visits.** Along the way, they **develop skills that employers in all industries value**, such as teamwork, communication, and critical thinking.

Upperclassmen build on the foundation established through freshmen and sophomore years' case challenges. Juniors start their own pop-up businesses. Senior year, students who are on-track to graduate apply their learning in a real-world setting by participating in work-based learning or working as student consultants for metro Atlanta companies. **This is an unparalleled opportunity for students to gain exposure to careers and industries, establish professional networks, and build resumes.**

3DE is a great opportunity for students who are interested in business and students who are unsure what career they want to pursue. The opportunities 3DE provides are offered at no cost to students' families.

WILL BEING IN 3DE CHANGE MY STUDENT'S ENROLLMENT AT OSBORNE HIGH SCHOOL?

Your 3DE student will still be enrolled at Osborne High School. However, **with only 180 students per grade, 3DE students have the benefits of a small school environment while also enjoying large school amenities** Your student can still participate in sports, clubs, performing arts, and other elective classes and extracurricular activities offered at Osborne High School.

WHAT CAREER PATHWAYS WILL STUDENTS COMPLETE?

3DE students have the opportunity to complete the following Career Pathways:

- Business and Technology
- Financial Services
- Entrepreneurship

WHAT ARE THE REQUIREMENTS TO BE IN 3DE & HOW DO I ENROLL MY STUDENT?

3DE has an open enrollment policy for students who pass the 8th grade, but we do have elevated expectations that our students will do their best and adhere to school rules. **To enroll your student in 3DE:**

- Complete the enrollment form found in this booklet and return it, along with this paperwork, to your student's counselor
- Select Introduction to Business Technology and Financial Literacy as two of your student's electives

To learn more about 3DE, visit 3Deschools.org or contact Rebecca Stoll, Director of 3DE at Osborne High School, at rebecca.stoll@3deschools.org.

Freshman Year Course of Study

Sample 4x4 Block Schedule: 3DE Freshman year of study–

<u>Fall Semester</u>	<u>Spring Semester:</u>
1 st Block:Environmental Science	GSE Algebra I
2 nd Block:World Geography	9 th Lit/Composition
3 rd Block:Intro to Business Technology/ (3DE elective) Business Technology	Financial Literacy (3DE elective)
4 th Block:Health/BPE 1 (elective 1- required) (Students that take Honors World Geography during semester 1 and AP Human Geography during Semester 2)	Graphic Arts (elective 2)

IF YOU ARE INTERSTED IN THE 3DE COMPLETE THE ENROLLMENT FORM AND ATTACH TO THE ELECTIVE REGISTRATION WORKSHEET

English/Language Arts

Course Name/Description	Course Number	Prerequisite	Units
<p>Communication Skills Students receive reinforcement in the following strands: Reading Literary text, Reading Informational text, Writing, Language, and Speaking and Listening. The emphasis is to offer reading skills, vocabulary development, reading opportunities, writing process activities, and language study.</p>	2 3 . 1 8 1 0 0 1 1	TR and 9 th Grade Placement Chart	1.0
<p>ESL Communication Skills Students receive reinforcement in the following strands: Reading Literary text, Reading Informational text, Writing, Language, and Speaking and Listening. The emphasis is to offer reading skills, vocabulary development, reading opportunities, writing process activities, and language study. Adaptations in presentation are made to accommodate ESOL students</p>	2 3 . 0 8 1 0 0 9 9	TR and 9 th Grade Placement Chart	1.0
<p>9th Grade Lit/Comp is a college prep class which integrates composition, grammar, and literature. It covers the writing process; the development of vocabulary, speaking, listening, and researching skills will also be included.</p>	2 3 . 0 6 1 0 0 1 1	TR and 9 th Grade Placement Chart	1.0 EOC
<p>Honors 9th Grade Lit/Comp is an accelerated college prep course designed for the student who has a serious interest in the interpretation of literature. It integrates writing, grammar and usage, speaking and listening. It includes reading a variety of literary genres: short stories, novels, poetry, drama, and nonfiction. It also emphasizes oral and written response to literature.</p>	2 3 . 0 6 1 0 0 0 7	TR and 9 th Grade Placement Chart	1.0 EOC
<p>ESL 9th Grade Lit/Comp is a college prep class which integrates composition, grammar and literature. It covers the writing process; the development of vocabulary, speaking, listening and researching skills will also be included. Adaptations in presentation are made to accommodate ESOL students.</p>	2 3 . 0 6 1 0 0 9 9	TR and 9 th Grade Placement Chart	1.0 EOC

Mathematics

Course Name/Description	Course Number	Prerequisite	Units
<p>Foundations of Algebra & Algebra 1 Foundations of Algebra is a first year high school mathematics course option aimed at students who have reported low standardized test performance in prior grades and/or have demonstrated significant difficulties in previous mathematics classes. This course will provide many opportunities to revisit and expand the understanding of foundational algebra concepts, will employ diagnostic means to offer focused interventions, and will incorporate varied instructional strategies to prepare students for required high school mathematics courses. Students will take Foundations of Algebra during the 1st semester and Algebra 1 in the 2nd semester.</p>	<p>2 7 . 1 4 8 1 0 1 1</p> <p>2 7 . 1 9 9 0 0 2 3</p>	<p>TR and 9th Grade Placement Chart</p>	<p>1.0</p> <p>1.0 EOC</p>
<p>ESL Foundations of Algebra & Algebra 1 Foundations of Algebra is a first year high school mathematics course option aimed at students who have reported low standardized test performance in prior grades and/or have demonstrated significant difficulties in previous mathematics classes. This course will provide many opportunities to revisit and expand the understanding of foundational algebra concepts, will employ diagnostic means to offer focused interventions, and will incorporate varied instructional strategies to prepare students for required high school mathematics courses. Students will take Foundations of Algebra during the 1st semester and Algebra 1 in the 2nd semester. <p>GSE Algebra 1 is the first course in a sequence of three required high school courses designed to ensure career and college readiness. The course represents a discrete study of algebra with correlated statistics applications. Students will gain a foundation in linear, quadratic, and exponential functions, and will gain a deeper understanding of such concepts as domain and range, intercepts, increasing/decreasing, relative maximum/minimum, symmetry, end behavior, effect of function parameters, and describing data.</p>	<p>2 7 . 0 9 9 0 0 1 1</p>	<p>TR and 9th Grade Placement Chart</p>	<p>1.0 EOC</p>
<p>GSE ACC Algebra 1/Geometry A is the first course in a sequence of mathematics courses designed to ensure that students are prepared to take higher-level mathematics courses during their high school tenure, including Advanced Placement Calculus AB, Advanced Placement Calculus BC, and Advanced Placement Statistics.</p>	<p>2 7 . 0 9 9 4 0 1 1</p>	<p>TR and 9th Grade Placement Chart</p>	<p>1.0 EOC (earns 0.5 quality point)</p>
<p>GSE Honors Geometry contains all of the standards included in the on-level geometry course with a few additional standards and explores the concepts at a deeper level. This course is intended for students who complete Algebra 1 in the 8th grade or who excel in Algebra 1 as a 9th grade student.</p>	<p>2 7 . 0 9 9 1 0 0 3</p>	<p>GSE Algebra 1 and TR</p>	<p>1.0 EOC (earns 0.5 quality point)</p>

<p>GSE Honors Algebra 2 is the third course in a sequence of honors courses designed to ensure that students are prepared to take higher level mathematics courses during their high school career. This course contains all of the standards as the on-level course with a few additional standards and more depth of knowledge.</p>	27.0992003	GSE Geometry and TR	1.0 (earns 0.5 quality point)
<p>GSE Accelerated Geometry B/Algebra 2 consists of the second ½ of GSE Geometry and the entire GSE Algebra 2 course. This is the second in a sequence of three accelerated courses designed to enable students to take higher level mathematics courses during their high school career including Advanced Placement Calculus AB & BC and Multivariable Calculus.</p>	27.0995003	GSE Accelerated Algebra 1/ Geom A and TR	1.0 EOC (earns 0.5 quality point)

Science

Course Name/Description	Course Number	Prerequisite	Units
<p>Environmental Science is designed as an integrated and global approach to science and technology. The concepts in this course focus on the links between living things, their surroundings, and the total environment of the planet. The scientific principles and related technology will assist the student in understanding the relationships between local, national, and global environmental issues. The intent of the course is to help individuals become informed, get involved, and care for one's self and the environment.</p>	26.0611011	TR and 9 th Grade Placement Chart	1.0
<p>Honors Biology is an accelerated course designed for students interested in pursuing advanced sciences or careers in the science or engineering fields. Students will learn and understand biological processes that occur on the molecular, cellular, systemic, and environmental levels. Students will also be able to implement applications of biological processes to everyday situations.</p>	26.0120003	TR and 9 th Grade Placement Chart	1.0 EOC (earns 0.5 quality point)

Social Studies

Course Name/Description	Course Number	Prerequisite	Units
World Geography provides an overview of physical and cultural geography. An awareness of similarities and differences in human needs and behaviors is developed. Geographic education focuses on the themes of location on Earth's surface, place characteristics, relationships within places, movement, regions that lead to an understanding of social, economic, historic, geographical, and physical features of the planet on which we live.	4 5 . 0 7 1 1 0 1 1	TR and 9 th Grade Placement Chart	1.0
H World Geography/AP Human Geography introduces students to the systematic study of patterns and processes that have shaped human understanding, use, and alteration of the Earth's surface. Students employ spatial concepts and landscape analysis to analyze human social organization and its environmental consequences. Examines methods and tools geographers use in their science and practice. Follows the Advanced Placement Geography Curriculum.	*COMBO COURSE: Students use one elective space for the two social studies classes 4 5 . 0 7 1 1 0 0 7 4 5 . 0 7 7 0 0 9 5	TR and 9 th Grade Placement Chart	1.0 1.0 (earns 1.0 quality point)

Special Education

Students receiving services through the special education department have had an Individualized Education Plan (IEP) developed to meet their educational needs. Each student should complete the registration form with the help of his or her IEP team (parent, case manager, and regular education teacher) to ensure that the requirements in the IEP are met.

World Languages

Course Name/Description	Course Number	Prerequisite	Units
Note: Students who complete French I or Spanish I in 8 th Grade and wish to continue that language in high school may choose the second or second & third level courses. See your current world language teacher for the appropriate course numbers.			
French I is an introduction to the language and culture of France and other French-speaking countries. The course will enable students to attain a beginner's level of proficiency in listening, speaking, reading, and writing, with an emphasis on oral proficiency.	60.0110011	None Recommended to have a 74 or higher in current English/Language Arts class	1.0
French II is designed to further develop listening, speaking, reading and writing with an emphasis on oral proficiency. The student will acquire a basic command of key vocabulary and grammatical structures necessary for limited personal communication as well as an appreciation of diversity in the French-speaking world.	60.0120011	French I	1.0
Spanish I is an introduction to the language and culture of Spain and other Spanish-speaking countries. The course will enable students to attain a beginner's level of proficiency in listening, speaking, reading, and writing, with an emphasis on oral proficiency.	60.0710011	None Recommended to have a 74 or higher in current English/Language Arts class	1.0
Spanish II is designed to further develop listening, speaking, reading and writing with an emphasis on oral proficiency. The student will acquire a basic command of key vocabulary and grammatical structures necessary for limited personal communication as well as an appreciation of diversity in the Spanish-speaking world.	60.0720011	Spanish I	1.0
Spanish for Native Speakers I is designed for the Spanish Heritage Speaker and will focus on advanced skills in reading, writing, listening, and speaking. Essay development and novel reading are integral to this course.	60.0790097	Native speaker	1.0

Fine Arts

Course Name/Description	Course Number	Prerequisite	Units
<p>Band I and Band II are the entry level Band performance classes that focus on the basic fundamentals of tone production, music reading, and performance. The band class focuses on the development of the combined ensemble. Students are placed in appropriate level band classes based upon auditions.</p>	<p>*COMBO COURSE: Students use two (2) electives and enter both courses on their registration worksheet. 5 3 . 0 3 6 1 0 9 9 5 3 . 0 3 6 2 0 9 9</p>	Audition	1.0 1.0
<p>Chorus I and Chorus II provides opportunities to develop performance skills and knowledge in choral singing. Covers performance and production, analysis and theoretical studies, historical and cultural contributions and influences, creative aspects of music and appreciation of music. Organizes objectives for self-paced progress through all four levels. This STEM driven course provides the students with an overview of engineering and technology including the different methods used in the engineering design process developing fundamental technology and engineering literacy. Students will demonstrate the skills and knowledge they have learned through various project based activities while using an engineering design process to successfully master the “E” in STEM.</p> <p>Pathway courses: 1. Foundations of Engineering and Technology 2. Engineering Concepts 3. Engineering Applications</p>	<p>2 1 . 4 2 5 0 0 9 9</p>	<p>None</p>	<p>1.0</p>

Physical Education

Course Name/Description	Course Number	Prerequisite	Units
<p>Health & Personal Fitness(BPE) Health provides a direct and factual approach to health education that is practical, personal, and positive. Topics include safety, drug education, nutrition, personal health, growth and development, building self-esteem, and relationship skills. By acquiring the knowledge, attitudes, and skills necessary to a healthful life, students learn to take responsibilities for their own health. Personal Fitness is designed to help students understand why exercise and fitness are important in developing a healthy and active lifestyle. The course will emphasize strategies for maintaining good cardiovascular endurance, flexibility, muscular strength and endurance, and body composition.</p>	<p>3 6 . 0 5 8 0 0 9 9</p>	<p>All 9th grade students are automatically enrolled in Health/BPE</p>	<p>1.0</p>
<p>Weight Training Due to the limited space in weight training, 9th grade students may not elect to take this class. If you are participating in high school athletics, contact your coach about taking this class. If your coach indicates that you should enroll in this class, then write the sport and coach's name in the "Course Name" space on the elective worksheet. Leave "Course Number" blank.</p>	<p>Write the name of the sport and the coach's name in "Course Name" Leave Course # blank</p>	<p>Recommendation by high school coach only</p>	

Osborne High School

2019-2020 ELECTIVE COURSE REGISTRATION WORKSHEET

- Directions:**
1. Complete the student data box.
 2. Use the “**2020-2021 Freshman Registration Handbook**” to select electives 2, 3, & 4. Enter them in the spaces provided. Also choose two (2) alternate electives.
Note: Health & Personal Fitness is a required class for graduation, and all 9th grade students are enrolled in this course.
 3. Both student and parent sign this form at the bottom in the space provided.
 4. Return the completed form to your teacher.

Student Name _____, _____ Cobb Student ID# _____
Last First MI (6 or 7 digits)

Address _____ City/State/Zip _____

Parent Name _____ Phone _____

***Core courses are listed in the student registration handbook as a reference only. **Students do not choose their core courses.** Eighth grade teachers use current grades, work habits, and academic performance to determine in which courses students should be placed. GA Milestones & placement tests may also be used to determine course placement. Please discuss core recommendations with your 8th grade teacher for that class.
 ***Foreign Language **IS** an elective and must be entered on this form. Your teacher does NOT enter it.

	Course Name	Course Number
Elective 1 (Required)	Health & Personal Fitness(BPE)	3 6 . 0 5 8 0 0 9 9
Elective 2		□ □ . □ □ □ □ □ □ □ □
Elective 3		□ □ . □ □ □ □ □ □ □ □
Elective 4		□ □ . □ □ □ □ □ □ □ □

Every effort will be made to schedule the courses selected above. In some cases, the classes selected result in a scheduling conflict. If the conflict cannot be eliminated, one (or both) of the alternate courses will be used to replace the course(s) causing the conflict. **Courses listed as alternates can appear on your schedule!**

Alternate 1		□ □ . □ □ □ □ □ □ □ □
Alternate 2		□ □ . □ □ □ □ □ □ □ □
