Did You Know?

Did you know that in addition to Principal Nelson's weekly edition of "This Week at the Mountain" that our school also has a biweekly newsletter? Our newsletter also features news about student and teacher accomplishments, fieldtrips, opportunities, and other school related information. [Click here for the latest edition of Mustang News.](#)

Spring Break is April 1-5. Students will return to school on Monday, April 8. If your looking for instructional activities to support your student's mastery of the standards during this time, be sure to visit our school website's Academic Resources link. There you will find typing tutorials, grade level study guides, and practice tests for the Milestones.

The results are in for Chorus and Orchestra! Both Chorus and Orchestra students received straight superior ratings at their Large Group Performance Evaluation (LGPE)! This is the highest any group can receive. We look forward to seeing the success of our Band students as they wrap up LGPE as well!

INSTRUCTIONAL FOCUS

Digital Age School

At the start of the school year, nineteen staff members started their professional journey to obtain their Microsoft Innovator Educator Certification: Theresa Terschan, Debra Yesner, Linda Hutzler, Paige Harris, Amy Adams, Jessica Smith, Kevyn Jefferson, Kayna Wilbur, Jennifer Pumphrey, Nicholas Waltz, Ann Sherman, Toni Dimas, Susan Carothers, Jennifer Cassidy, Ann Jacobs Ogle, Starr Mables, Victoria Thon, and Melanie Grindstaff. This past week, certificates were awarded. Principal Nelson and the assistant principals, Mrs. Porter and Mrs. Edwards, also have earned their Microsoft Innovator Educator Certification.

Technology is clearly an integral part what we do today through both the workplace and our personal lives. Ensuring students are taught how to be responsible digital citizens and how to integrate and incorporate current technologies to enhance creativity and productivity is a key component of educating today's students. The Microsoft Innovator Educator Certification training exposes educators to multiple technological resources that can enhance and augment lessons to both better engage our students and make them stronger digital citizens. Congratulations to our latest MIE graduates!

IMPORTANT Upcoming Dates

- April 1-5 Spring Break: No School
- April 10 PTSA General Meeting to Elect 2019-2020 Officers
- April 13 Big Shanty Festival
- April 15 Milestones Testing Begins for Eighth Grade (ELA)
