Parent/Teacher Conferences

Parent/Teacher Conference Week is during the week of October 15-18, 2018. We feel that parents and teachers working together can provide the best educational experience for students. Conference week information was sent home the week of September 17. Our goal is to give you the information that you need, in a format that fits your schedule. In appreciation of your time, we have developed three options for Conference Week. These options are described below and include a face-to-face conference, phone conference, or you may determine that a conference is not necessary at this time.

Option 1: A face-to-face conference where you can sit down with your student and one of his/her teachers. Your student is an integral part of the conference and should attend the conference with you.

Option 2: Phone conference – The 1st 9 week report card will be available on ParentVUE on Friday, October 19, 2018.

Option 3: You have determined that no conference is necessary at this time. You have monitored your student's progress in ParentVUE and do not have any concerns at this time. The 1st 9 week report card will be available on parent view on Friday, October 19, 2018.
