- 8:00 am FLY by the Gym

## A Note from Principal Nelson

Our learning community is alive and well at PMMS! From community involvement to student leaders, we have so much to be proud at our school! This week just provided more evidence of this.

First, thanks to our PTSA for providing the Soup for Lunch Day for us this Wednesday. This is a great example of our parent leadership. Thank you to all the parents who brought in soups for this special day! Second, we also had Chris (Nonni) Arnold step up to lead some grounds improvements at the front of our campus. We have some exciting curb appeal projects that are coming our way! Tim Schoeff with Genesis Landscape Group is partnering with us to help us out as well. In addition, we want to thank Home Depot who also is helping sponsor some of these upcoming projects. Through these projects, there will be many opportunities for kids to take more ownership of their school.

Third, to help us earn some money directly for the school so we can continue to do things for our teachers and students, Steph Barringer has agreed to lead our First Annual Poinsettia Fundraiser! Sales for poinsettias for the upcoming holiday season will be starting this week. Information about sales will be provided to third period teachers this Wednesday. So, be sure to be on the look out for this information so that you can order your poinsettia's for the holiday season!

In addition to the extra help from the companies and parents just mentioned, The Bear of Real Estate - Think Melissa Team is also sponsoring gifts for our staff members of the month! Melissa Krudwig is a PMMS mom and has been a long time business sponsor of our school. You may remember that Melissa also helped us get our grill this year that we have been using for cookouts.

Our parents and business community haven't been the only ones stepping up to help our school out. Our kids are stepping up to the plate as well! Almost 8% of our student body showed up to learn how to be a part of Student Council this past week because they want to be a part of leading our school. Now that is something to brag about! Special thanks to Mrs. Willis and Mrs. Irwin for sponsoring this student leadership opportunity. The officers of Student Council will serve as the officers of the House Cup Representatives which will be the student advisory board to me. Seeing so many kids want to be a part of student government was just one more piece of evidence that our community is alive and well at the Mountain!

Finally, thank you for a smooth conference week this past week as well. Please know that conference week is not the only time you can visit with your child's teachers. Any time you have questions or would like to visit with a teacher, just give us a call and one of our team members can assist you in setting up a convenient time to visit.

## IMPORTANT Upcoming Dates
