

End of Year Lunch Account Information

Thank you so much for supporting our Food and Nutrition program this year. It is our honor and privilege to serve your children every day.

As a reminder, the last day students will be able to purchase a meal will be Wednesday May 22nd.

Please check your student's My Payments Plus account at <https://www.mypaymentsplus.com/> regularly to ensure there is enough money to receive a meal, as well as to clear up any possible negative balance.

If your student is returning to Pope High School or any Cobb County school next year, any money on their lunch account as of May 23rd will rollover to next school year. If your student is graduating or leaving Cobb County School District and has a positive balance left in the lunch account, there are three options.

1. The first option is to request a transfer of that money to any other student they may have at Pope High School or any other Cobb County Public School.
2. The second option is to request a refund of the balance left in the lunch account.
3. The third option is to donate the remaining balance left in the lunch account to the CCSD's lunch donation account. This account helps to cover the cost school lunch for students that may not have enough in their lunch accounts.

All requests must be done in writing through an email or completing a refund request form in the cafeteria. Refund requests include the student information, id number, refund amount, and the name/address of the parent or guardian on file so a check can be mailed out. Please contact the Cafeteria Manager, Tanya Dampier, at 770 578 7901 or send an email to Tanya.dampier@cobbk12.org with any questions. Also, please make sure to deactivate any automatic payment you may have attached to an account that you are requesting a refund from.

Be advised that the school cafeteria will be closing on May 22nd. Central Office for Food and Nutrition Services is open during the summer and will be able to help. Please refer to the Cobb County School District main webpage for operating hours.

Thank you so very much for allowing us to serve you this year.
