

CVA Health CPR Responsibility Acknowledgement and Waiver Form

As part of Health curriculum, Cobb Virtual Academy offers the Red Cross CPR certification.

All Health students are required to take CPR through a Red Cross or American Heart Association certified program. CPR Certification is made up of two parts: content and skills test. The content portion of CPR will be presented online. Information on the content portion of CPR is located in the Health course. The CPR Skills Test must be held in a face to face setting. Students must complete the content portion of CPR before attending the CPR Skills Test. The CPR Skills Test date, time and location may be found on the CVA website. Parents may not attend the CPR Skills Test for the student.
