### Food Finder GA

**FoodFinderGA** is a free smartphone app developed by a Georgia public school graduate. It is available on the Apple App Store or Google Play right now (search: foodfinderga).

The app creates a 100% anonymous, direct connection between students who need food with their closest free food provider. Both the FoodFinderGA app and the website - [www.foodfinderga.org](http://www.foodfinderga.org) - are year-round resources, but data shows a dramatic increase in use when school is out of session, and the need for food is greatest.
